

## Reel Winder

Part No. RVA001

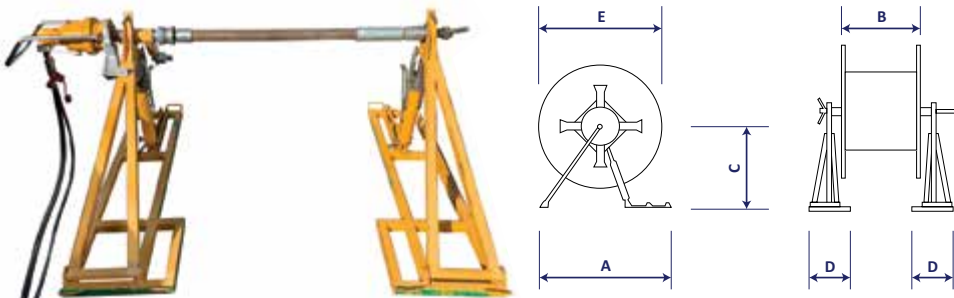

- ✓ Used with Puller/Tensioner in tension stringing operations
- ✓ Equipped with automatic level winder
- ✓ Can operate with the standard 1100mm and 1400mm reels

Capacity WLL (T)	Machine Weight No rope or reel (kg)
2	525

## Hydraulic Drum Elevators Heavy Duty

Part No. CVI609 & CDT063

- ✓ Operates on any Tesmec machine with hydraulic outlets
- ✓ Compact design and easy to handle

Drum Elevator (CVI609) shown with axle for steel drum (CDT063)

Part No.	Dimensions (mm)								Capacity (kN)	Wt (kg)
	A	B min	B max	C min	C max	D	E min	E max		
CVI609	2140	800	1500	580	1340	640	1200	2500	80	305

## Hydraulic Motor - Reel Winder

Part No. TIH001

Fast assembling hydraulic motor for control of the drum winding and unwinding.

Max torque (Nxm)	Max rotating speed (rpm)	Wt (kg)
1.8k	45	76

## Steel Drum Axles

Part No. CDT AXLES

## Hydraulic Hose Set

Part No. TUT Series

Part No.	TUT002
Length (m)	10
Weight (kg)	23

**Hoses available for sale. Contact TEN for further information**
